SIVS Matters (Special Interest Vehicle Scheme)

Continuing Club Membership Mandatory

The biggest change commenced on 1 September with the new Regulation which provides for SIVS registration. The SIVS Guidelines include conditions issued under that Regulation. Previously, it was only necessary to belong to an Incorporated Vehicle Club (or Association) to obtain SIVS registration for the first time, but there was no legal obligation to remain a member thereafter. Clubs were often frustrated by

people joining to access SIVS, but then never renewing. From now on, it is a condition of SIVS registration that the vehicle operator must belong to an Incorporated Vehicle Club. There are 2 new provisions to note:

- (i) The SIVS Concession Registration must be removed if the registered operator is no longer a current member of an incorporated car club or association, and
- (ii) Use of the vehicle while not a member (or in contravention of any other SIVS restriction (eg. driving to and from work) now carries a penalty of up to \$2757 for vehicles up to 4.5 tonnes and \$8271 for heavier vehicles.

The road test radius remains at 15Km from where the vehicle is garaged. For more information see Web:
