## SCR Event Reports

### Coffee and Cars 11 June 2022

Organisers: Stu and Wendy

Finally it happened.

The first try at this new idea for SC Register was pretty much a failure; Stu and I drove in rain to Sippy Downs, had coffee by ourselves, bought some great sourdough at the Baker's Delight and came home

This time we had a reasonable number. Colin and Lyn and Bernie and Rita are such regular attendees at club members and we appreciate that. Ralph is a new regular.

Reece and Sue, sadly still working, were there, too. That's one of the reasons we have these morning so we can all get together. Hope fully this will grow.

It was also good that Peter had seen online that the morning was on and came to check us out. A new member. Maybe??

The coffee and the food is nice. The sourdough from Baker's Delight is very nice.

Join us 2<sup>nd</sup> Saturday of the month.

## Mystery Run 22 June 2022.

Led by Stu and Wendy Gross

There was pressure to reveal destinations, but we resisted. It remained a mystery....

Seventeen of us left from outside Nutworks at Yandina. Sadly the Tedmans had had to withdraw because of Jim's health issues ( he's doing OK).

Only the run sheets to the morning tea destinations were handed out. There was still to be some mystery  
First stop was Roadside Relics on Brisbane Rd Gympie. Stu warned everyone at the starting point to leave their wallets, credit cards etc in the car when they arrived.  
Suspect that this will be a website for man birthday gifts.

As usual, there were goodies to be shared. There were assorted bikkies from Debbie, yummy bikkies with rice bubbles from Roger (courtesy of his Mum in law) on his first outing with JDCQSC ( hope he had a great day and we see him again soon) and pinwheels from Wendy.

Peter was seriously tempted.

The run sheets for the next part of the journey were distributed- Destination Apollonian Hotel.

We were so lucky with the weather. The day was shining. The countryside was shimmering. As we drove along Louis Bazzo drive the views over the lakes and sea were stunning and the countryside was gorgeous.

We were asked to park on the grass at the Apollonian and we did. Is there a finer sight than a row of Jags?

Most were delighted with their lunch and all with the company.

A fun day for Sunshine Coast Register members.

## Celebrating 100 years of Jaguar

This year JDCQ was asked to do a major display at RACQ Motorfest, celebrating 100 years of Jaguar.

I know that Sunshine Coast Register is largely not into car shows but this was special and we had a good turnout and some real highpoints.

**Rod and Sue Greasley won Best in Show and made it into the Courier Mail ahead of the Show.**

Col Galley with his rare 420G

Tony Brett's XJS.

Merv Jackson's X351.

The photos depict the exhibitors. As well, it was great to see Arthur Robinson and Ian MacKinney there as spectators, and photographed here with Sue Greasley. Sue was one half of the Best in Show.

Wendy apologises to Marion Litherland. The photo of her XK150 proved unusable but it was there and looking beautiful as always.

Wendy and Stu's F Pace.

## Have a think about it.....ROCKHAMPTON in October!

The Capricornia Register, based around Rockhampton, is turning 30 this year and we are invited to the party.

As some of you know, I was the JDCQ Regional Liaison Officer for a number of years, until constitutional change made the position unnecessary, and I got to spend time with all the other Registers. Capricornia is not a large Register but they are active and are a great bunch of people so I ask you to think about taking a short break up north around 1<sup>st</sup> to 3<sup>rd</sup> October to join in their birthday celebrations

Nowadays it is normal for event participants to book their own accommodation. If you are interested in attending the motels are listed in the attached flyer and I'd encourage you book as soon as possible. Stu and I are travelling up to Rockhampton on the Friday and staying at Childers on Monday night. I am happy to plan things to do and places to eat if others wish to join us. Just let me know by mid September.

Another 'other Register' event advertised in this Cat's Tales is the Brisbane Register lunch at Sandstone Point Hotel on 17<sup>th</sup> August. Last year a few of us joined them for lunch on Bribie Island and had a lot of fun so I'd encourage you to think about this one, too. While I am not the organiser I'm taking the RSVPs and will let Emma Golder from Brisbane know.

Wendy Gross

The Program of Events for Capricornia's celebration is sent as an attachment to this edition of *Cat's Tales*.

### Welcome

Roger Vickery has been a member for over a year but hasn't been able to attend a SC event until now. It was great to finally meet him and enjoy his company. Hopefully he and his E-Type will become regulars.

Welcome, Roger.

## 51st National Rally

Advice of the 51st National Rally to be held in South Australia next year. A great opportunity to schedule an interstate holiday. Put the dates in your diary today. The Hahndorf area is so picturesque—the home of Hans Heysen and the backdrop for a number of his paintings.

**April 14—18, 2023**

As the Jaguar Drivers Club of South Australia celebrates its 50th Anniversary in 2023  
we are delighted to be hosting the . . . . .

**51st JAGUAR NATIONAL RALLY**

With the cancellation of the past three Jaguar National Rallies, it is time to break out and  
celebrate our friendships and our passion for Jaguar cars once again.

**WATCH THIS SPACE**

Registrations will be open by the end of October 2022

The Jaguar Drivers Club of South Australian Club forwarded a list of three options for post rally tours. This document was forwarded to Sunshine Coast Register members as a separate document to your May 2022 Cat's Tales. The South Australian club is suggesting that each state organise a Pre or Post Rally Tour from a start point in their state that will take three to 5 days either pre rally or post rally. ie Getting to the rally or getting home from the rally as a group. Please print out this document and give the options some thought so you can value add to any suggestions when requested.
